600x600mm
Porcelain Tiles

SCULPTED ART FOR YOUR HOME

Our artisan tiles are miniature masterpieces that add inspired warmth. Skilled hands transform clay into intricate floral, vine, and geometric designs. Subtle contours cast artistic shadows, drawing the eye. Group multiple tiles into a textured feature wall telling a unique story. These tiles visualize your artistic spirit. Mix and match patterns or highlight specific carvings. Their creative possibilities are limited only by your imagination. However used, these handmade tiles add charm and character.
